

Ohio Residential and Small Commercial Terms of Service

Energy Harbor LLC ("Company") agrees to sell, and you agree to buy, your full requirements for electric generation service (License No. 00-011E) and/or natural gas supply service (License No. 20-754G) ("Service") at the price(s) provided in your rate plan, contract summary, recorded verification or welcome package ("Enrollment Documentation") and pursuant to the terms and conditions specified in this Terms of Service, the purpose of which is to authorize a change in your third-party supplier Service to Company (the Enrollment Documentation and the Terms of Service are collectively the "Agreement"). This Agreement governs your Service at the account number and street address that you have specified and that Company has agreed to serve and supersedes any oral or written statements and all prior and contemporaneous negotiations made in connection with this Agreement or the supply of your Service. You will be bound by all the provisions of the Agreement, as they may be amended from time to time upon advance notice to you. The prices and terms of this Agreement are subject to change as provided below. This Agreement is subject to the eligibility requirements of your local distribution company ("Utility") and Company may choose not to accept this Agreement for any reason. You understand that your Utility may require meters associated with the same account ("Associated Accounts") to be served by the same supplier. You warrant that you have included all Associated Accounts in your Enrollment Documentation. Company reserves the right to enroll or terminate Associated Accounts at the Utility's direction or at Company's discretion and recover costs. You are not eligible to enroll with a third-party supplier if you are or become enrolled in the Utility's Percentage of Income Payment Plan (PIPP) or other credit arrearage program. In addition, Company has the right to refuse or terminate Service, and recover costs, if any, of your usage exceeds the Usage Thresholds. The "Usage Thresholds" applicable to electricity are: (i) for residential and small commercial customers, peak demand greater than 25 kW over any 12-month period, and (ii) for all other customers: 1,000,000 kWh over any 12-month period. The "Usage Thresholds" applicable to natural gas are: (i) for residential and small commercial customers, usage exceeding 10,000 ccf per month or 90,000 therms (or the equivalent Ccf or Mcf) over any 12-month period, and (ii) for all other customers: usage greater than 100,000 therms (or the equivalent Ccf or Mcf) over any 12-month period. If your consumption of Service is materially different than your historical usage ("Change in Usage"), Company reserves the right to modify your Rate or terminate this Agreement and recover costs, if any.

Company often uses independent brokers to sell its energy products. Unless otherwise specified in your Enrollment Documentation, any fee paid to a broker is embedded within the contract price. Please review the Agreement carefully. If there are any discrepancies with the product features you were sold and the terms and conditions of such products, please call our customer care center as detailed in Section 18. Capitalized terms used herein have the meaning ascribed to them as listed within the Agreement.

1. PRICING: You hereby designate Company as your agent for the purpose of arranging, contracting for, and administering transmission and transportation services (including those provided by your Utility) for the delivery of Service. Your Utility will continue to deliver the Service to you. Your Utility will also respond to emergencies and provide other traditional utility services. Switching to Company will not impact your Service reliability.

If you have chosen natural gas Service, you hereby designate Company as your agent to: (i) arrange and administer contracts and service arrangements between you and your Utility, and between you and the interstate pipeline transporters of your natural gas (including capacity release, re-release, and recall arrangements); (ii) nominate and schedule with the interstate pipelines the transportation of your natural gas from the Sales Points to your Utility's city gate station ("Delivery Points"), and with your Utility for the transportation of your natural gas from the Delivery Points to your premises; and (iii) aggregate your natural gas with the natural gas supplies of Company's other customers in order for you to qualify for transportation service and to address and resolve imbalances (if any) during the term of this Agreement. As your agent, Company will schedule the delivery of a quantity of natural gas at the Sales Points necessary to meet your city gate requirements based on the consumption and other information that Company receives from your Utility. Company, as your agent, will arrange for the transportation of natural gas from the Sales Points to the Delivery Points, and from the Delivery Points to your premises.

Company does not charge any fee for you to switch to receive the Service pursuant to this Agreement, however switching fees may be applied under your Utility's tariff. Please note that some products have specific fees related to the product or plan you choose which are detailed in your Enrollment Documentation; these fees are not switching fees.

Except as otherwise provided in this Agreement or as required by law, all taxes of any kind, nature and description, due and payable with respect to your performance of your obligations under this Agreement, will be paid by you. The Service under this Agreement will be measured at the delivery point by your Utility providing the delivery service in accordance with the terms of the applicable tariff.

Depending on your Utility's billing practices, your Rate during the billing cycle may be applied pro rata resulting in a blended rate of the previous month's and the current month's Rate. If your Service charges are based on estimated usage, Company has the right to bill you on actual usage when such information is made available and you have the obligation to pay Company for such actual usage amounts.

You understand that there are no guaranteed savings and your Rate may be higher than the Utility's rate in any given month. You can always review existing Service offers to compare your rate under this Agreement to other current offers by going to your state's public rate chart. Your Rate includes transmission charges (if applicable) but excludes

applicable state and local taxes. Your Rate will not include any fees, taxes or charges directly assessed by the Utility, or any other third party with the right to assess taxes or fees for the Service.

2. TERM: Company will begin supplying your Service when your Utility switches your account to Company. The term of this Agreement will begin on a date set by your Utility and continue for 10 months ("Initial Term"). Your Initial Term is based on monthly billing cycles as determined by your Utility and each monthly billing cycle may not represent a full calendar month. If your Utility bills bimonthly, Company will treat this as two monthly billing cycles. Typically, it takes one to two billing cycles for your Service to be switched from your Utility to Company, but there may be a delay before the Utility switches your Service and you understand that Company is not responsible for any such delays. Service shall begin with the next available meter reading after processing of the request by the Utility and Company. You may receive written notification from your Utility confirming your switch to Company.

3. RATE PLAN: Fixed Rate. You will pay a fixed rate of \$.1009 per kWh for Service for the length of the term ("Fixed Rate"). If, due to a change in market conditions, the Company wishes to lower your Rate, it may do so without consent provided there are no other changes to the terms and conditions to this Agreement.

Variable Rates may change on each monthly bill cycle and may be higher or lower each month based on business and market conditions ("Variable Rate"). Variable Rates are set in the Company's discretion and may vary based on numerous factors, including, but not limited to, the Company's assessment of applicable market and business conditions, operation costs, historic and projected supply and hedging costs, prior meter read cycle's pricing and balancing costs, projected average customer bill amounts and Utility pricing or "price to compare" and applicable pricing reset dates and may include the following additional costs: ancillary services and other regional transmission organization ("RTO") costs, capacity costs, transmission costs, line loss costs, Reliability Must Run ("RMR") costs, credit costs, balancing costs, winter reliability costs, and costs associated with meeting any applicable renewable portfolio standards, and a profit margin determined in the Company's discretion that may vary from month to month.

The Variable Rate may be lower or higher than the Fixed Rate, fixed rates offered by Company, the Utility's pricing or "price to compare", rates offered by other third party suppliers, and wholesale market rates, and, furthermore, the Variable Rate may not fluctuate in relation to any of the aforementioned rates.

4. RENEWAL: If you are on a Fixed Rate plan, you will receive notice from Company at least forty-five (45) days prior to the end of your term or prior to any change to your Fixed Rate ("Renewal Notice"). The Renewal Notice may offer you a new product and if you do not affirmatively select a product offering, you will be automatically enrolled: (i) on the Fixed Rate plan provided in the Renewal Notice, (ii) a Variable Rate plan, or (iii) other plan as described in your Renewal Notice. Each new renewal period after your Initial

Term will be deemed a "Renewal Term". **UNLESS YOU INFORM COMPANY IN WRITING OR BY TELEPHONE AS PROVIDED IN SECTION 18 THAT YOU DECLINE TO RENEW THIS AGREEMENT UNDER THE TERMS AND CONDITIONS SET FORTH IN THE RENEWAL NOTICE, THIS AGREEMENT WILL RENEW WITHOUT YOUR AFFIRMATIVE CONSENT UNDER THE TERMS AND CONDITIONS SET FORTH IN THE RENEWAL NOTICE EVEN IF THERE IS A CHANGE IN THE RATE OR OTHER TERMS AND CONDITIONS.** Your Renewal Term may not include product incentives associated with your Initial Term.

5. EARLY TERMINATION OF CONTRACT:

Customer-Initiated Termination: You may terminate this Agreement as described below.

You may terminate a Fixed Rate plan at any time; provided that, if you terminate after the Rescission Period (as defined in Section 6) and before the date of the end of the Initial Term or Renewal Term, an early termination fee will apply unless otherwise noted in your Enrollment Documentation. For residential customers, the early termination fee of \$0 will apply for the Service you terminate during the Initial Term. Company may choose to reduce any applicable early termination fee to \$0 at any time without notice. Early termination fees may apply if you terminate due to a Change in Law, as discussed in Section 8. If you are a small commercial customer and selected a Fixed Rate, your early termination fee for each Service is equal to the greater of (i) \$150.00, or (ii) liquidated damages which you agree is the Remaining Contract Quantity times the greater of (A) Contract Price less Market Price at the time of the termination, or (B) \$0.02/kWh or \$0.20/Ccf/therm. Remaining Contract Quantity shall mean the total estimated usage for the period remaining in the Fixed Term of this Agreement at the time of termination, based on your historical usage or Company's estimated usage calculated in a commercially reasonable manner. The Market Price for the remainder of the fixed term will be determined by Company in a commercially reasonable manner.

If you have a Variable Rate plan, you may terminate at any time and no termination fee will apply.

To terminate this Agreement you must: (i) notify Company as detailed in Section 18; or (ii) notify the Utility that you would like to return to default service from the Utility. To terminate Service, you do not need to contact both Company and your Utility, you may contact one or the other. During the Initial Term or any subsequent Renewal Term of this Agreement, if you contact Company to terminate, Company will promptly notify the Utility, and the termination will then be effective on a date set by your Utility; however, Company is not responsible for any delays in the termination process that are caused by acts or omissions of the Utility.

Company-Initiated Termination: If at the time of termination, there is no early termination fee associated with the Agreement, then this Section shall apply. The Company may terminate this Agreement at any time by providing you notice as required by law. Company may terminate this Agreement for any non-payment (with an opportunity to cure), failure to meet any agreed-upon payment

arrangements or other breach of this Agreement upon mailing, at least 14 days prior, written notice to you of such termination. If you fail to cure within the 14-day notice period, Company may terminate the Agreement even if you subsequently cure the non-payment or breach after such period has expired. Company also may terminate this Agreement due to a Change in Law (as defined in Section 8) that results in an increased cost to Company, or Company is prevented, prohibited, or frustrated from carrying out its intent under this Agreement. Company may terminate this Agreement as a result of any act beyond Company's reasonable control, if Company is no longer able to serve you, if there is a Change in Usage or your usage exceeds the Usage Thresholds, if you become enrolled in the Utility's Percentage of Income Payment Plan (PIPP) or other credit arrearage program, or if you provide false, inaccurate or misleading information to Company or to the Utility.

If it is determined that your usage is greater than the Usage Thresholds, at Company's sole discretion it may require you to sign a new and different form of agreement before accepting you as a customer or continuing to provide Service.

If Company returns your service to your Utility, this Agreement will terminate. Upon termination of this Agreement either by you or Company, you will return to receiving default service from the Utility until you designate another supplier or service is shut off by Utility. The effective date of any termination will be on a date set by Utility after expiration of the required notice period. Upon any termination, you will remain responsible for all payments and obligations under this Agreement, including any applicable early termination fee, until such effective date of termination. If a deposit is required, it shall be returned to you, net any amounts, charges or damages owed by you to Company (1) within seven (7) business days if you cancel during the Rescission Period, or (2) within thirty (30) days of termination if you cancel after the Rescission Period expires. If you voluntarily return to the Utility after choosing the Company, you may be charged a price other than the Utility's regulated sales service rate and you may or may not be served under the same terms and conditions that apply to other customers served by the Utility. A Utility cannot terminate or interrupt the delivery of Service to you because of any dispute between Company and you, but a Utility may terminate such service for nonpayment of Utility charges in accordance with applicable law. Only the Utility may shut off your electric power or natural gas supply.

Termination Due to Move: You may terminate without penalty if you move outside the Company's service area or into an area where Company charges a different price.

6. CUSTOMER RESCISSION: YOUR UTILITY WILL SEND YOU A CONFIRMATION NOTICE OF THE TRANSFER OF YOUR SUPPLY SERVICE TO COMPANY. YOU MAY TERMINATE THIS AGREEMENT WITHOUT PENALTY: (I) WITH RESPECT TO ELECTRIC SERVICE, AT ANY TIME WITHIN SEVEN (7) CALENDAR DAYS AFTER THE POSTMARK DATE ON YOUR UTILITY'S CONFIRMATION NOTICE TO YOU RELATEING TO ELECTRIC SERVICE, AND (II) WITH RESPECT TO GAS SERVICE, AT ANY

TIME WITHIN SEVEN (7) BUSINESS DAYS AFTER THE POSTMARK DATE ON YOUR UTILITY'S CONFIRMATION NOTICE TO YOU RELATING TO GAS SERVICE (EACH A "RESCISSION PERIOD") BY NOTIFYING YOUR UTILITY ORALLY, ELECTRONICALLY, OR IN WRITING. YOUR UTILITY WILL PROVIDE YOU WITH A CANCELLATION NUMBER TO CONFIRM YOUR CANCELLATION.

7. INDEPENDENT SELLER: Company is licensed by the Public Utilities Commission of Ohio ("PUCO") to offer and supply Service in Ohio as a competitive retail electricity and/or natural gas supplier. You understand that Company is not representing or acting on behalf of any Utility. You understand that you are not required to switch your Service to Company. If you are enrolled in any Utility or government programs, enrolling with Company may be prohibited or may impact your participation in these programs. Please check with your Utility or program administrator before enrolling with Company.

8. CHANGE IN LAW: If, during the Initial Term or any Renewal Term, any change in, or enactment of, any rule, regulatory action, order, regulation, operating procedure, policies, tariff, riders, fees, pricing structures, market structures, capacity charges, changes in your load profile, ordinance, statute, or law beyond Company's reasonable control ("Change in Law") results in an increased cost to the Company or Company is prevented, prohibited, or frustrated from carrying out its intent under this Agreement, Company can terminate this Agreement with notice to you as required under applicable law or adjust the Rate. If Company adjusts the Rate and/or other terms, you will be provided an updated Agreement and you will have an opportunity to terminate without any further obligation by notifying Company in writing within 30 days after receiving the updated Agreement.

9. SEVERABILITY AND NON-WAIVER: If any portion of this Agreement is declared invalid or unenforceable by final order of a court or any regulatory body having jurisdiction, the remaining portions of this Agreement shall remain in effect and the remainder of this Agreement will be construed so as to give effect to its original intent and effect as near as possible.

The failure by one party to require performance of any provision shall not affect that party's right to require performance at any time thereafter, nor shall a waiver of any breach or default of this Agreement constitute a waiver of any subsequent breach or default or a waiver of the provision itself.

The provision of this Agreement concerning payment, limitation of liability and waivers will survive the termination or expiration of this Agreement.

10. BILLING AND PAYMENT: You will receive a single bill from your Utility approximately every thirty (30) days that will contain your Utility's charges and Company's charges. The Utility will set your payment due date and the payment address. Any bill not paid in full by its due date will incur the maximum late payment fee pursuant to law that will be applied in accordance with the Utility's or the Company's

billing and payment policies and procedures. In the event any bill is not paid in full by its due date, your service may be disconnected in accordance with the Utility's tariffs and the contract with Company may be automatically terminated and early termination fees will apply.

Company reserves the right to change billing methods. If Company change its billing methods, Company will send you advance written notice in your bills or in a separate mailing thirty (30) days before the effective date of any such change. If Company bills you for Service, any bill not paid in full by its due date will incur a late payment fee in accordance with Company's billing and payment policies and procedures. IF YOU FAIL TO PROMPTLY PAY UNDER THIS AGREEMENT AND COMPANY INCURS ADDITIONAL FEES AND CHARGES, INCLUDING REASONABLE ATTORNEY FEES AND COURT COSTS, IN CONNECTION WITH THE COLLECTION OF PAST-DUE CHARGES, YOU WILL BE LIABLE FOR ALL SUCH FEES AND COSTS. Company shall have the right to setoff and net against any undisputed amounts owed by you under this Agreement, and the Company shall additionally have the right to set off and net against any deposit or security provided by you pursuant to this Agreement any amounts, charges or damages owed by you to Company. If you have provided Company, its affiliates or agents with a credit card number, you provide authorization to charge any outstanding balance to such credit card. You will be billed and pay Company for the Services based on meter readings and consumption information that Company receives from your Utility. You are responsible for paying and reimbursing Company for all applicable fees. Company does not offer budget billing. You have the right to request up to twenty-four (24) months of your payment history without charge.

If you are tax exempt, you must furnish Company an exemption certificate before your Service commences.

11. AUTHORIZATIONS: You authorize Company to obtain your customer information from your Utility, including account contact information, account number, standard offer service type, rate classification, meter number, billing history, payment history, historical and future electricity or natural gas usage, meter readings (including, but not limited to, data from advanced meters, if any) and characteristics of your electric and/or natural gas service ("Customer Information").

Company reserves the right to share your Customer Information with any partner or agent, to the extent permitted by law, that needs to know such information in connection with your Service. To opt out of the release of information to unaffiliated third parties, contact Company as provided in Section 18. You authorize Company to obtain and review your credit history. If you fail to meet Company credit criteria, you understand that Company may refuse or terminate Service, or provide a substitute product. You may rescind these authorizations at any time by calling, emailing, or providing written notice to Company as provided in Section 18. 13. ASSIGNMENT: Company may sell, assign, subcontract, transfer, pledge, or delegate your account and all or any part of the rights and/or obligations under this Agreement, including your payment obligations and related revenues. You may not assign any of your rights or obligations under the Agreement without Company's prior written consent.

14. NON-RELIANCE: You acknowledge that: (i) you are not relying on any advice, statements, recommendations or representations of Company, other than the written representations in this Agreement; (ii) you understand the risks of entering into this Agreement, including the risk that Company's prices may be higher than your Utility's rates, and you are capable and willing to assume those risks; and (iii) you have made your own decision to enter into this Agreement, after consultation with your own advisors to the extent you deem necessary.

15. DISPUTE RESOLUTION: Dispute Procedures: Contact Company as indicated in Section 18 with any questions concerning billing or other terms of service. 19. NET METERING: If you have or participate in eligible renewable electrical generating facilities to supply all or part of your electricity usage and such facilities are or will be net metered by your Utility, you must notify Company in advance so Company can determine your eligibility and properly serve you.

If you use net metering, or if there is a change, or an anticipated or planned change, in the consumption of Services that is materially different than your historical usage, depending on your eligibility and applicable requirements Company reserves the right to modify your Rate or terminate this Agreement and recover costs, if any.

20. ENVIRONMENTAL DISCLOSURE: This Agreement incorporates the information provided to you or made available to you at Company's website provided in Section 18 regarding the approximate generation resource mix and environmental characteristics of electricity supply.

21. RENEWABLE ENERGY:

Renewable Energy Product: If you have elected to purchase a renewable energy plan it will include a number of Renewable Energy Credits ("RECs") that is approximately equal to the percentage specified in your Enrollment Documentation of the net retail electricity delivered to your contracted account. One REC represents 1,000 kWh or 1 MWh of electricity from an eligible renewable energy generating facility. A REC will include all additional environmental attributes associated with the generation of electricity, and those environmental attributes may, but need not be, verified or certified by the same or different verification authorities or certification authorities. You agree and understand a REC is separate from the retail electricity being delivered but, nonetheless, constitutes value associated with the provision of retail electricity.

2. You are the authorized account holder or have been given proper and binding authorization to change the Services and enter into this Agreement on behalf of the account holder.
3. You are duly authorized to transact business in the State of Ohio.
4. The person who made the enrollment authorization is either you or your duly authorized representative who has the power to make valid and binding decisions on your behalf regarding your purchase of electric generation services and natural gas supply service.
5. You have received a copy of the Agreement, read it and understand its contents.
6. You are either a residential customer (i.e., a person who receives electric and/or natural gas service under a residential rate classification) or small
